

PM-Kisan: Over ₹38,000 crore transferred during Apr-Aug

THE CENTRE HAS transferred ₹38,282 crore to farmers under PM-Kisan till August this fiscal, agriculture minister Narendra Singh Tomar informed the Lok Sabha on Tuesday. There is no proposal to either advance the payment of the remaining instalments or increase the amount from the current level, he added. Under the Pradhan Mantri Kisan Samman Nidhi Yojana (PM-KISAN), the government is providing ₹6,000 per annum in three equal instalments to 14 crore farmers. The amount is directly transferred into the bank accounts of the beneficiaries through the direct benefit transfer (DBT) mode. — PTI

Sugar mills owe nearly ₹13,000 crore to farmers for 2019-20 season as on Sept 11

SUGAR MILLS OWED nearly ₹13,000 crore to cane farmers as on September 11 for the 2019-20 marketing season, starting October 2019. "Out of total cane dues of ₹75,585 crore for 2019-20 as on September 11, 2020, about ₹62,591 crore have been paid to the sugarcane farmers & only ₹12,994 crore cane dues are yet to be paid,"

MoS for food and consumer affairs Danve Raosaheb Dadao said in the Lok Sabha. The sugar mills also owe ₹548 crore for 2018-19 marketing season (October-September), ₹242 crore for 2017-18 and ₹1,899 crore for 2016-17 and earlier, taking the total outstanding amount to ₹15,683 crore. — PTI

TENDER NOTICE/RFP दिनांक-14.09.2020

Nagar Nigam, Roorkee (NNR) proposes to set up "Waste to Energy Plant" for conversion of Municipal Solid Waste into energy by using an innovative Environmentally Clean Technology (incineration/bio methanation /pyrolysis/ gasification or any other Zero Pollution solution) through competitive bidding process. For this purpose, Nagar Nigam, Roorkee has to select the developer for the project through Two Bid system (Technical and Financial Bid).

The land identified is at Saliyar, Roorkee Dehradun Road at a distance of 5 km. from Roorkee. Under the above two bid system tendering the proposal is requested to the Firms/legal entity whose technology and provisions have been approved by CPCB/SPCB/ any other statutory provisions.

Nagar Nigam Roorkee (NNR) therefore, invites RFP/Tender on Dt. 15-10-2020 from interested eligible bidders possessing required technical and financial capabilities as per the time table given in the tender/RFP documents. Tender/RFP can be purchased from Nagar Nigam office by paying a fee of Rs. 23,600 (As, 20,000+18% GST only) through Bank Draft/ RTGS/ Electronic Transfer to the account of Nagar Nigam, Roorkee (A/C Name **Nagar Nigam Roorkee, A/c No 50100141423378, IFSC Code HDFC0000657, HDFC Bank Roorkee**). The tender document and the details of the RFP/ Tender can be downloaded from the web site of Nagar Nigam Roorkee nagarnigamroorkee.org or from uktenders.gov.in from Dt. 15-09-2020 to Dt. 15-10-2020.

The NNR intends to short list suitable technically qualified applicants (the "Bidders") who shall be eligible for participation in the opening of the financial Bids, for awarding the Project through competitive bidding (E-Tendering) process with the procedure set out herein. The selected Bidder, who is either a company incorporated under the Companies Act, 1956 or undertakes to incorporate as such prior to execution of the concession agreement (the "Concessionaire") shall be responsible for designing, engineering, finance, procurement, construction, operation and maintenance of the Project under and in accordance with the provisions of a (long-term 20 Years) concession agreement (the "Concession Agreement") to be entered into between the Concessionaire and the NNR in the form to be provided by the NNR issued to qualified bidders

WORLD OZONE DAY

ADVERTORIAL | An initiative by **RED** (Read. Engage. Deliver.)

Protecting the ozone layer

World Ozone Day is annually observed to protect the ozone layer. It is celebrated annually on September 16 to raise awareness and attention to the care of the ozone layer. The day is celebrated by organising world-class conferences, lectures and exhibitions nationally and internationally. This Day is also organised in schools and awareness is spreading in the media. The World Ozone Day persists in international efforts to curb the production and release of harmful gases.

What will happen to the earth if the ozone layer is not secure?

The ozone layer is a layer of ozone molecules found in the stratosphere layer of the atmosphere between 20 and 40 kilometres in particular. The ozone layer is formed in the atmosphere when ultraviolet radiation breaks down oxygen atoms in the sun. Oxygen atoms are mixed with oxygen and therefore form ozone molecules in this way. The problem with the lack of this layer is that when the sun's harmful rays can escape from the atmosphere after they stick to the earth's surface. Most scientists believe that without the ozone layer, life on earth would be limited.

World Ozone Day: Theme for 2020

"Ozone for life" is the motto of World Ozone Day 2020. The motto of the day, "Ozone for life", reminds us that ozone is important for our health on earth and that we must continue to protect the ozone layer for our future generations. This year, we celebrate 35 years of the Vienna Convention and 35 years of protection of the earth's ozone layer.

In order to preserve the ozone layer, World Ozone Day in India is celebrated with great enthusiasm by students. College students organise campaigns on this topic and thus use a variety of methods to reduce the hole in the ozone layer. The Indian government provides respect and education to those intelligent people who create creative ways to reduce emissions and harmful substances, which are not only permanent but also sustainable.

THE WORLD has entered 35 years of global ozone layer protection and the slogan for World Ozone Day 2020 is "Ozone for Life". We must strengthen our resolve to conserve the ozone layer which is so crucial for life on Earth and for our future generations. The Ozone Layer acting as a protective cover provided to us by nature, we must safeguard it. History is witness to the fact that a nation cannot develop at a fast pace without rapid industrial development. However, as a responsible corporate citizen, it is our responsibility to ensure that we strive for sustainable development, which takes care of the nature and its constituents and "Ozone Layer" is one of them. On this day, let us take pledge to make effort to protect it.

Shri Sumit Deb
Chairman & Managing Director, NMDC Ltd

India's Single Largest Producer of Iron Ore

NMDC has triumphantly completed the Diamond Jubilee Year with a string of laudable achievements. The Company's remarkable growth in these six decades is a testament to its strong fundamentals.

- One of the best performing Public Sector Enterprises of India.
- The single largest producer of iron ore in India.
- Bringing socio-economic transformation through innovative and impactful CSR initiatives in the less developed regions of the Country.
- Sole producer of Diamonds in India
- Venturing into steel by commissioning 3.0 MTPA Steel Plant at Nagarnar, Chhattisgarh.

NMDC re-dedicate itself with a fresh zeal and renewed enthusiasm, energy and strategy to achieve greater heights in delivering value for all its stakeholders

TELANGANA STATE POLLUTION CONTROL BOARD

VISION
To achieve economic growth with environmental management for an improved quality of life in Telangana.

STRATEGY

- Discouraging Consumption of Gases (CFCs, Hydrogenated Hydro Carbons, Methyl Bromide and Nitrogen Oxide) in manufacturing process dangerous to OZONE layer.
- Reducing Industrial wastes through effective management.
- Online processing of applications.
- Vehicle tracking of effluent tankers and hazardous waste with online manifest.
- Monitoring of Industries through continuous stack, effluent and ambient air quality systems (OCEMS).
- Analysis of waste water, waste air, noise, solid waste samples through sophisticated instruments under NABL accredited, ISO 45001: 2018 certified Central and Zone Laboratories.
- Continuous multimedia awareness campaigns on environmental protection.
- Periodical training to the officers and staff over staff over enforcement of rules, regulations and stipulated guidelines to ensure compliance by the Industries.

ACHIEVEMENTS OF TSPCB

- Realtime Monitoring of Volatile organic compounds (VOC) in Pharma Industries through online VOC analysis.
- "TSAIR" mobile App launched to disseminate air and noise pollution levels of Hyderabad and provision to register pollution related complaints.
- To disseminate Live carbon monoxide and noise monitoring data, electronic display boards are installed at traffic junctions to sensitise citizens to reduce vehicular pollution.
- Electronic display boards installed at Sanathnagar, Sec'bad Rly station, Mahatma Gandhi bus station to disseminate real time air and noise pollution levels.
- TSPCB has validated and initiated a new parameter "Fecal strepto cocci" to assess the bacterial contamination in water body.
- TSPCB has monitored Hussain sagar lake and 41 lakes in Hyderabad where Ganesh idols are immersed in water bodies to assess the impact of idol immersion on water quality.
- All 11 CBMWTFs operating in the state are collecting for safe disposal of COVID-19 Biomedical waste as per CPCB guide lines.
- Hands on training program conducted by regional officers in all the district collectorates for compliance of BMWM Rules-2016.
- TSPCB has permitted one integrated C&D Waste processing plant to process Construction&Demolition waste at Jeedimetla and the plant has started operation.
- Implementing Extended Producer Responsibility(EPR) in the state for channelizing plastic waste through authorised recyclers/reusers.
- Awareness campaign was carried out during Samakka/Saralamma jatara 2020 on plastic and water pollution.
- Distributed 90000 Nos of 8 inches clay Eco-friendly clay Ganesh idols during Ganesh festival-2020 as part of awareness program to promote and encourage people to use clay Ganesh idols with natural colours.

A Short film was telecasted in TV channel on eco-friendly clay Ganesh idols for 2 days.
