## Public Health Measures for Foreign Travelers Entering Thailand

13th February 2023

1. Proof of vaccination is NO longer required.
2. Travelers from the listed countries requiring negative RT-PCR test results before departure from Thailand should have health insurance covering at least 10,000 USD for COVID-19 treatment that covers the duration of stay in Thailand plus 7 additional days.
  - Those with business arrangements, including flight crews and students, may have an official letter from the host or other form of insurance to cover such need.
  - The quarantine officer will randomly check the proof of insurance of travelers from the listed countries. If that traveler does not have proof of insurance, the traveler will have to purchase health insurance before immigration.

# Update Regulation by MOPH

3. Holders of Thai passports and transit/transfer passengers are exempted from the health insurance checks.
4. The airlines must adhere to related regulation and comply with the guidance as appropriate such as asking passengers to wear mask at all times except during meals or emergency situations.
5. Any passenger having symptoms of COVID-19 on arrival shall be recommended to get a COVID-19 test at arrival.

If you have any questions, please contact the **DDC Hotline 1422** or visit <https://ddc.moph.go.th/index.php> for more information.
